LEADERSHIP/MANAGEMENT CREDENTIALS FOR SENIOR ENLISTED AIRMEN

Senior NCOs set an example of professionalism for the entire enlisted force, and AF COOL provides Airmen E-7 and above the opportunity to earn an additional leadership/management certification to further their development with certifications such as:

Credentials help Airmen advance their careers during active service and compete in the civilian workforce after separating from the Air Force. Earning civilian licensures and certifications enables Airmen to demonstrate the skills and service they build during their service and provides the qualifications they often need to compete for civilian jobs.

Through the Community College of the Air Force, AF COOL makes it easy to earn a credential related to your Air Force Specialty Code (AFSC).

- PROJECT MANAGEMENT PROFESSIONAL
- CERTIFIED MANAGER
- SIX SIGMA (GREEN BELT, BLACK BELT)

The AF COOL website provides Airmen with an easy-to-use portal to identify and research credentials, make their education goal, and create an AF COOL funding request.

Through AF COOL Airmen advance their careers and take ownership of the credentialing process.

The 6-Step AF COOL Process
