

Do you control...

Your Money?

The only way to have peace of mind and financial success, is when you control your money and not it controlling you!

Let us help you get control of your money!

The Office of Financial Readiness Program offers Personal Financial Counselors (PFCs) to help you and your family manage finances, and resolve financial problems (budgeting, credit, and debt). We can help you with reaching long-term goals, like paying for your kid's college, building a home, or planning for retirement.

Our services are FREE, CONFIDENTIAL, AND EASY!*

Ben Paulding, CFP®

Personal Financial Counselor
